John Sanders, Esq.  
104 West High Street  
Milford, PA 18337

Dear Mr. Sanders,

Enclosed you will find the affidavit I prepared for Mr. Romansky along with pictures of the Branco before and after it was painted. At the time of Mr. Romansky's trial I expressed my willingness to attorney Chelak to testify on behalf of Mr. Romansky. However, even though I was there Mr. Chelak chose not to use me. If you need anything else from me please contact me at the above address.

Sincerely  
Alfred Kresge

Affidavit of April Vresge  
July 4, 2001

At the request of Steve Komarisky I April Vresge does say and depose the following: From August of (1973), until March of 1987, I was a resident of Lake Willamette Park.

At the time my neighbors were back's and yarikovich's. my knowledge of the Bronco in question relates back to <sup>the</sup> winter of 1982, when Thomas Smithers

showed up with my snowmobile in the back of the Bronco.

At that time the Bronco was green and white and was equipped with a snowplow and the loudest airhorn I ever heard. Mr.

Smithers explained that he would be using the Bronco to pull his boat in and out of the lake this summer. His boat was a Black 21 foot sleek-craft which was more boat than his Lincoln could pull. Both the Bronco and boat were stored at my house. Before the summer of 1982, the Bronco was repainted. It was still green and white, however, this time it had more white and less green. It also had the snowplow and airhorns removed. The Bronco was used for the most part to put boats in and out of the lake until the summer of 1984.

Although the exact date is no longer clear, I can remember calling Mr. Smithers at his garage and explaining that I had several visitors who claimed they were there to pick up the Bronco. He stated he knew because he sent them. I never saw the Bronco after that. It was replaced with a Black Blazer.
